

Information for Golfers

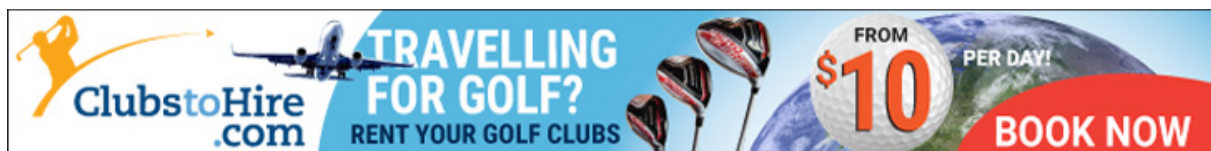

The Cala Murada is an ideal starting point for a pleasant and varied golf vacation. Many of the most interesting courses of the island can be reached from here by car within sixty minutes of driving.

We co-operate locally with transport enterprises which are adjusted to the transport of golfers and their equipment (also in small groups). Therefore, we are able to you as golfers not only to organize the economical airport transfer, but as well we can offer you the organization of your transfers to the different golf courses.

We are also gladly helpful in the reservation of the tee times on the island, in the organization of tournaments and in the rental of equipment.

golf clubs for rent

The airlines have constantly increased the prices for the transport of special luggage in recent years. The golf bag is also special luggage. If you are looking at the cost of transporting your golf bag together with the risk of transport, the question arises: does it make sense to rent a complete bag on the spot? And if you are looking for a solution, you can find it here ...

Driving Range

You just want to improve your game? A round on the driving range may be helpful. With the range of the Robinson Club in Cala Serena we have an agreement: you can use the range, only paying for the balls - no range fee or something else!

You can go to by „hit or miss“ because the ballmachine „eats“ 2Euro and gives back a corresponding number of balls. Only to get on the range is an another story - because the Robinson Club not really solved it yet. If you are interested, please contact us ...

Mallorca Golf Card

The **Mallorca Golfcard** includes a 2for1 green fee voucher for each of the participating partner golf clubs. 2for1 means that if you redeem a green fee voucher, the second person will join you for the round.

For further information please visit the website of the provider.

Information for Golfers
